SCHEXNAYDER, RANDY

ALGEBRA I - HONORS

One large Spiral notebook with pockets in the dividers for handouts .(Please No Binders)

1 eraser

#2 Pencils, Erasable ink pens, or lead or mechanical pencils for the whole year
Earbuds or some type of headphone to plug into Chromebook or device while working in MyMathLab. (For use with Lesson Videos)

Hand Held Calculator- Texas Instruments TI-30XIIS is the only calculator allowed in this class and on my tests.

One box of Kleenex

ALGEBRA II - HONORS

One large Spiral notebook with pockets in the dividers for handouts. (Please No Binders)

1 eraser

#2 Pencils, Erasable ink pens, or lead or mechanical pencils for the whole year
Earbuds or some type of headphone to plug into chromebook or device while working in

MyMathLab.(For use with Lesson Videos)

One box of Kleenex

Hand Held Calculator options:

- a. Texas Instruments TI-30XIIS is the calculator they need for my class and on my tests.
- b. Casio fx-115ES Plus.(I highly recommend that everyone purchase the Casio fx-115ES Plus, 1st or 2nd edition is fine. Those students who want to increase their ACT Math score; this calculator will help you make a better score. It is allowed on some of my tests, and is allowed on the ACT, but because it is so powerful and so easy to use, it is not allowed at some of the universities such as LSU. I will show you how to use it for the ACT and for my tests. It can be found at Walmart (in-store and on-line), Amazon, Target, or at any office supply place and you should not pay more than \$18.00 for it, especially if you start looking for it now(if you wait until school starts, sometimes the price goes up drastically). ACT Calculator policy allows you to bring as many calculators that you want, but you can only use one at a time. Make sure that you purchase this exact model, for other models like it will not have the same modes you can use in class and on the ACT
